307 LAW BUILDING, NORFOLK.

PORTSMOUTH, VIRGINIA.

Situated on the Norfolk and Portsmouth harbor and Elizabeth river for a distance of two and a half miles, having a magnificent water front the entire distance, with from twenty-five to thirty feet of deep water, where ocean and bay steamers touch at her wharves for passengers and freight. The manufacturing industries are many and varied, from cotton seed products to knitting, wood-working, iron and wire mills, conspicuous among the larger plants being the Heinz Pickling Factory, branch of the large Pittsburg concern.

Portsmouth is distant from Washington 195, Baltimore 205, Philadelphia 290 and New York 325 miles, with daily lines of palatial steamers operated by the Bay Line, Norfolk and Washington, Old Dominion, Merchants and Miners, Clyde and Virginia Navigation Co.

The largest Navy Yard in the United States if not in the world, covering 350 acres, together with immense barracks where thousands of sailors and soldiers are garrisoned. These modern, up-to-date military headquarters being used as a supply depot for the battleships and gunboats of the U. S. Navy as well as a base of supplies for the outlying foreign possessions of this country. The competing centre of nine railroads and fifteen water lines diverging in every direction, in the heart of the oyster producing section of Virginia and the early garden farms for which the Tidewater section is so famous, the shipments from this industry alone representing a value of from eight to ten millions annually. The city is handsomely laid out, has wide, asphalted streets and good sidewalks, well sewered, and modern water works with large filtering plant. A trolley system of 35 miles connecting seven thriving suburban towns.

The city is the trade, postal and express centre of over 40,000 people.

In the manufacturing and mechanical industries Portsmouth is becoming a great center.

The Norfolk Landmark

Daily, Morning, Except Monday.

The Norfolk Landmark is the Leading Newspaper in Eastern Virginia and Carolina.

CIRCULATION.

The Landmark has a substantial and steadily increasing circulation. Worth many times the rate per inch it asks. This statement is borne out by the fact that the Landmark has never known a period of financial embarrassment since its inception. Out of 22,502 daily papers in the United States, only 121 are awarded the "Gold Marks" by the American Newspaper Directory. The Landmark is the only paper in Virginia with the honor. The "Gold Marks" cannot be bought. They mean substantiability and influence. It takes merit to win this particular rating. Such papers as the New York Herald, the Brooklyn Eagle, New York Evening Post, Chicago Tribune, Pittsburg Dispatch, are wearing this badge of honor with the Landmark.

THE LANDMARK

Goes to the homes of the people. That's the kind of circulation that pays the Advertiser. The Landmark refuses steadfastly to pad its circulation. Its well known in the vicinity of Norfolk that the Landmark is the home paper of Norfolk. Its kept and read for its literary worth. LEAD THEM ALL. As an advertising medium it has no equal in the field, and is read daily in thousands of homes in

Eastern Virginia and Eastern North Carolina

High Standard in all Departments

Its literary standard is high in all of the various departments. It is the most influential journal in the Eastern part of Virginia. It excludes from its columns a great deal of the best-paying advertising in the country because of the questionable character of the business offered. Its large local business proves how valuable and necessary for their welfare and prosperity the merchants and people generally of Norfolk and vicinity regard its advertising columns.
